

## 9/11, Deepwater Horizon. A strange occult connection?

From the desk of Kenneth W. Lent , June 25, 2010

[www.solarsabbath.org](http://www.solarsabbath.org)

### 911 – 420 – 666 – 33 --11 Do you know this code??

I'm just asking questions. What do you the reader think is going on ?

Although it has been only two months since the BP Gulf Oil Spill began there are already inconsistencies surfacing about the mechanical “whys” and “hows” of what happened. No doubt more information will be made available, but the honesty and credibility of what we are being told by the federal government, BP, and the main steam media is looking shaky. For now we'll set aside the physical mechanics and scientific data of the spill and look at this situation from a completely unique perspective – numerology and the occult. Is there a connection? You've heard it said “What you don't know won't hurt you”. But with 9/11 and the BP spill, is there something we don't know that *will* hurt us? The reader may decide upon his own conclusion after reading what I'm about to present. One thing for sure – the occult numerology implications are bizarre to say the least. Consider the following very strange implications concerning the Deepwater Horizon explosion. How do we explain all this in light of what is presented here?

It has long been suspected that the New World Order is being ushered in not solely as a political agenda on the part of its promoters, but rather it is a contest among several “religions”. From a position of a matter of Faith, the Scriptures remind us that *two main* opposing forces in this struggle are rooted in the story of Christ and those who had Him murdered, the Pharisaic Priesthood of The Tradition of the Elders (Mark 7:3,13; Luke 22:2). The Gospels and Epistles of the New Testament teach that when all is said and done, the world comes down to Christians and antichristians. Since the opposing beliefs concerning the families of these two groups extend into their very lifestyles, it certainly does “bleed over” into the area of politics and government action.

The Tradition of the Elders philosophy, when manifested politically, assumes a “group collectivist program” where no individual has rights or owns property, but rather a few in the elite State Priesthood (centralist politicians) oversees the group for the group's supposed benefit. History has proven that with “group centered government” dissenters who don't “fit in” to the group are eliminated whether they are few in numbers or counted by millions as with the reigns of Stalin, Mao, or Pol Pot. <http://cgi.stanford.edu/group/wais/cgi-bin/?p=4615>

In the days of Christ the “religious” followers of the Pharisaic persuasion correctly stated “*We have no King but Caesar (the State)*” (John 19:15) In the real world this means that Statist Collectivism (aka Socialism) is the machinery that puts the antichrist religions into actual practice. In direct defiance to this view, the cry of the American Revolutionists of 1776 was documented and known by the British at that time: “*If you ask an American who is his master he will tell you he has none nor any governor but*

*Jesus Christ*” (Principles and Acts of the Revolution in America – Hezekiah Niles, A.S. Barnes and Co. Publishers, NY, Chicago, and New Orleans, 1876, pg.418)

The family of Christ is based on the faith that the Heavenly Father is the sole authority of law, and that Law protects the individual’s liberty to live and freely go about his business within God’s Laws as long as that person does not infringe upon another’s equally protected rights to do the same. The government of the Christian family has produced the great liberty documents of Saxon history such as Magna Charta, the Mayflower Compact, and the Declaration of Independence.

Socialism is nothing more than attempt to replace Western Christianity with a different religion – their religion of State Worship. Socialists deny that they are following any religious set of values. This is accomplished by their calling socialism a secular governmental interest, not a religion. But in the words of William Shakespeare, “*A rose by any other name would smell as sweet.*” A more modern colloquialism that calls a spade a spade is, “*If it looks like a duck and walks like a duck: it’s a duck.*”

Pertaining to the Deepwater Horizon oil spill, one of the “churches” of Socialism is State controlled **ecology**. Fanatical ecology is today very much the new secular religion. It comes complete with original sin (the industrial revolution), Satan (capitalism), eschatology (the end of the world by global warming), the virgin (fragile Mother Earth), churches (“the great cathedrals of our National Parks”), a Savior (the EPA), the tithes and offerings (1040 tax and soon the Cap and Trade tax), and punishment (crimes against the State). No doubt – Socialism is a religion.

The question for aware Christians to ask is “Are we finding that we have leading Occultists who promote Socialism at the top level?” It is known that all non Christian occult belief systems reject the Christian God of the Bible as being the source of power in the universe, and believe among other bizarre things that there is power within numbers themselves as arranged by **the intellect**.

If Socialism and Communism are more than just secular philosophies, and actually have an occult based religious agenda, then we should be able to observe some pattern whereby major historical events appear on the world scene with a numerical significance of some sort of ritualistic association. Has the international “playing field” been used as an antichristian experiment for “black magic practitioners”? Has a fanatic belief of power hungry people actually been politically implemented by a close knit group of “antichrists” who practice, as a part of their ritual, that numerology must be woven into events in order to mystically succeed in dethroning the traditional Christian rule of law upon which western civilization was built?

Below is a “number power” explanation by of one of the world’s most noted Satanists, W. Wynn Wescott, who taught the mystic crafts in the 1900’s.

*"The numerals of Pythagoras - - - were hieroglyphic symbols, by means whereof he explained all ideas concerning the nature of things," and the same method of explaining*

*the secrets of nature is once again being insisted upon in the new revelation of the "Secret Doctrine," by H. P. Blavatsky. "Numbers are a key to the ancient views of cosmogony—in its broad sense, spiritually as well as physically considered, and to the evolution of the present human race; all systems of religious mysticism are based upon numerals. The sacredness of numbers begins with the Great First Cause, the One, and ends only with the nought or zero—symbol of the infinite and boundless universe." "Isis Unveiled," vol. ii. 407.* [source: **Numbers, Their Occult Power and Mystic Virtues**, Part 1, page 15, by W. Wynn Westcott, [1911], (note the year that Westcott had his book published, as we proceed)

Now we all know that there are indeed numbers in the Scriptures, and times of prophetic events are given by Yahweh God to His people so that they may be confident that He is in control. For example, those who have studied the Israel Kingdom message know that Saxon Israel's ancient punishment for breaking God's national laws was for a Scriptural time period of 2520 years (7 x 360) before they would be permitted to become a nation again. Assyria began plans to invade ancient Israel in 745/44 BC. Adding to that date the 2520 years punishment of dispersion, it ends after 1775 and we come to the year 1776, and the decree of The Declaration of Independence as a regathered Saxon Israel people became a nation again in North America. The Scriptures also tell us that the "antichrist" system would be revealed according to the number 666. Many other books in the Bible such as Daniel, Ezekiel, and Revelation are heavily scattered with the numbers of divine prophecy that God has given us.

**So what is the difference in Christians realizing Scripture numbers, as opposed to the occultists "using" their religion's numerology?** There is a great deal of difference, an infinitely opposite difference as a matter of fact. The prophecy of numbers given by the Yahweh God Almighty in the Scriptures attests to His infinite mathematical omnipotence and are given to testify of His promises fulfilled down through time as He makes us aware of His hand in history. Prophetic numbers of divinely related events help us to believe that all of God's Word is coming to pass, and we glory in His sole power as King of the universe.

To the contrary, occult groups share the belief in some sort of mystical power inherent in numerals themselves (which, of course, there isn't). Should we then consider the possibility that major events of history which have furthered the cause of "one world collectivist" socialism and communism have been orchestrated on a numerical code pattern steeped in numerology – the tell tale sign of a religion? We shall see.

### **The number of Earth government over Divine government**

Most importantly, where we are concerned with our study today, Bible prophecy assigns the **Number '11'** to the Antichrist system in Daniel chapter 7 - - -

Vs. 7 "After this I saw in the night visions, and behold a fourth beast, dreadful and terrible --- and it was diverse from all the beasts that were before it; and **it had ten horns**".

Vs.8 "I considered the [10] horns, and behold, there came up among them another horn, a little one [Antichrist] ... in this horn were eyes like the eyes of man, and a mouth speaking great things. Bible scholars have always attributed the "11<sup>th</sup> horn" with being the Antichrist. (I believe the "Antichrist" to be a collection of people, and not an individual person) Daniel goes on to explain that his vision was in fact symbolic for world governments. Verse 17 "These great beasts, which are four, are four kings (governments), which shall arise out of the earth."

**From a Scriptural point of view, symbolically the Illuminist "11" is carnal man's attempt to "one up" Yahweh's Laws of the 10 Commandments and destroy any government that may periodically uphold those divine laws. Is the Word of God correct on this? Let's connect the dots and see if there has been a direct correlation to recent events in America with some sort of occult religious implication. Have politically charged circumstances been unfolding in a pattern of numerology where a belief system of mystic power in numbers was the driving force in an attempt to bring about a "One World Government of Man" – the government of the number 11?**

### The 9/11 Attack and numerology

September 11 is the **254<sup>th</sup>** day of the year, thus we would have an emergency crisis mystical power equation as  $2 + 5 + 4 = '11'$ . After September 11, there are 111 days left in the year. Coincidence? If a ritual is involved here there should be more "11's" showing up if someone or some people, in their religious indoctrination, are manipulating things for so called "mystical power". The Twin Towers were a true "11" figure standing on the skyline of New York side by side. It was American Airline (AA=11) flight #11 that hit the North Tower of the WTC that day. North is a very important direction in the belief system of the occult arts. North is believed to be the mystical direction where potential ideas intersect with the physical Earth to begin a manifestation of will. <http://occultlibrary.info/following-the-star-the-elemental-north-and-ritual-space/>

Therefore, "North" would hold a ritualistic meaning to political socialists (man's government) who are also steeped in the secret arts. Although an "attack against America" could have taken any number of forms, something from the sky, a jet airliner (symbolizing the mystic idea of government control) intersecting with something rising out of the Earth (Twin Towers ground zero) plus the opportunity to attach the "11" (the AA airliner) to a North object means that the entire event certainly has all the earmarks of a staged **super ritual** of a dark religion. The event would simultaneously serve to greatly influence the political path of our nation.

There's more as this gets really weird when we back up a few years.

President George Bush Sr. in a speech to Congress on SEPTEMBER 11, (9/11) 1990, SAID THIS: "[The war in Iraq is] a rare opportunity to move toward an historic period of cooperation. Out of these troubled times...a New World Order can emerge."

“11” years later to the day, under daddy Bush son’s administration, the WTC was attacked with the so called high jacked airliners. From that time on what was left of our Constitution has been trashed into the ground by George W. Bush and continues on with the Usurper In Chief, “President BS”. (Barry Soetoro aka Obama).

While we’re at it I may as well mention that the Pentagon’s official date for beginning its construction started on September 11, 1941.

<http://www.dtic.mil/ref/html/Welcome/general.html> Thus, **60** years later to the day, the Pentagon was attacked. The number "6" is also an important number to the occultist. The number of ego man is "6"; the number of man's government is "66" and the number of antichrist’s proclaimed “utopian system” is 666. 6 falls short of Yahweh God’s perfect completion of 7.

The Congressional bill that made September 11 a holiday was signed by President Bush, without ceremony, on December 18, 2001 as Public Law. December 18 is numerically 12/18 or 6+6/6+6+6. How long has all this been going on? Centuries, but let’s just highlight a few events in our own times.

When the Illuminati ended the First World War which they had just successfully completed, they deliberately ended it on the **11th** Month [November], the **11th** Day, at the **11th** hour. The signing of the Armistice agreement was thus forced into their mystic parameter of three 11’s. (33) <http://www.firstworldwar.com/timeline/1918.htm>

What about the war that completely change our world forever, WWII?

Did you know that in Germany the Reichstag (Parliament building) was burned down on **2/27/33** ( $2+2+7= 11$  and **33**) which emergency national disaster launched Hitler into power as a dictator? Hitler was much into the “secret society influence” even though his speeches were laced with periodic “Christian” rhetoric as was likewise Bill Clinton, George Bush, or any other politician who wants the support of the people. Right wing American Neo-Nazi’s today don’t like to refer to Nazism by its correct name of Socialism, but Hitler’s party was the **National Socialist German Workers' Party**. Some folks follow old Nazism today simply out of a knee jerk reaction that “Nazism fought Jewish Communism”. But Hitler was only fighting communism with his own brand of socialism. These two totalitarian philosophies are only two sides of the same coin which at times compete for power.

Nothing good came out of WWII, which was primarily “in-fighting” of the occult elitist families over the economy of Europe. Socialist Germany was at war with Communist Russia. America entered the war and saved the world for the Communists. Both of these old European powers were totalitarian governments bent on expansionism.

The one political movement that was strengthened from the ashes of WWII was Zionism, and in fact it was due to Hitler that the Zionists gained control of the “Old Jerusalem State” in the Middle East in the first place. The Nazi regime wanted and aided Jews to immigrate to Palestine. After examining much information down through many

years it is my *strong* opinion that Hitler, as all modern age notable politicians, was a Zionist lackey. This is an oversimplification, but Hitler's job was to scare the 'living daylights' out of any Jew who was not dedicated in moving to Palestine to set up a world dominant Zionist State. Russian Jews and a large block of German Jews did not want to go. Same with a lot of American Jews today. They prefer to stay within the wealth and comfort of their host nation. Here's one of several articles the reader may want to brief through. Please don't send emails wanting to debate this matter. There are more important issues at hand. Our American Founding Fathers would have had nothing to do with Hitler's dictatorial antics, and neither should we.

<http://wakeupfromyourslumber.com/node/2741>

Needless to say, there were Jews in Hitler's Germany, only *not* Communist Jews who favored Russian Marxism. From the Institute For Historical Review, a book review of *The Warburgs* by R. Chernow, 1993: "In 1936, for example (three years after Hitler took power), the M. M. Warburg bank in Hamburg was still profitable. Among other lucrative connections, it was still disbursing interest payments to bondholders for the giant Friedrich Krupp company of Essen. As Siegmund Warburg wrote in July 1936: "M. M. W. and Co. are still remarkably untouched by the Nazi situation and the business is doing well." Even in 1938, notes Chernow, the Warburg bank was turning a profit."

[http://www.ihr.org/jhr/v15/v15n5p33\\_Weir.html](http://www.ihr.org/jhr/v15/v15n5p33_Weir.html)

There are many more details that could be examined at this point concerning the occult tendencies of both Communism and Nazism but we'll move on for the sake of expediency.

### **The Deepwater Horizon explosion "by occult numerology"?? on 4/20 2010**

**4/20 is Hitler's birthday**, truly a commemoration date of one of their own most famous pro-Zionist Socialists. Does this timing have the telltale signature of the "11's" of the preplanned 9/11 event at the WTC by occult "number power"? Most certainly, it does.

**11 workers** "died" (sacrificed?) in the 4/20 BP Deep Water Horizon explosion. The Coast Guard was commissioned to search for **three days**, with a final report that the bodies will never be found. (No cause of death reported ) **11 x 3 = 33** (This is the same number pattern, "11 and 33", of Hitler's Reichstag burning on 2/27/33) The time that a seawater geyser of mud and explosive methane gas erupted onto the drilling rig deck from a main riser blowout was **9:45 PM** ( 9 + 4 + 5 = 18 or 666). The Deepwater Horizon rig burned for **36** (6x6) hours before it sank, (or was sunk). Do you, the reader, find this all to be coincidence? If you were backing out of your driveway and had a flat tire, then it started happening again each time you backed out --- how many times would it take before you got out of your car and checked for something causing the flats? Two times? That would be enough for most people, and certainly after three times everybody would correctly suspect that something is causing the tire punctures. Yet here we have "crisis events" repeatedly happening by a pattern of strange numbers, while not one law enforcement agency of professional investigators has checked into the possibility (more

now like a probability) of a deliberate connection with some occult political-religious group.

For the die hard skeptics that totally discredit the idea of an attempted control of the world by a “mystic number power” cult, let’s connect some more dots. Where did the name **“Deepwater Horizon”** come from, and why that odd name for the “exploding oil platform” that will just happen to hasten Obama’s (the socialist) “Cap and Trade” energy policy that will finish off the working middle class in America? (Oh, yes -- super federal government control is being offered as the “answer” that will save us all from a polluted world that has been strewn with mega violent events for centuries.) Can we peel back the wrapper on this cabalistic can of worms to expose a city from where the suspects may be operating? Let’s see:

Taking the English alphabet and assigning numerical values to the letters, we have A=1, B=2, C=3, D=4, etc. **In this manner the letters for ‘Deepwater Horizon’ added together equal 202**, which is also the **telephone area code for Washington DC**. Dividing 202 by their mystical power number 11 (of 9/11 fame) gives us the super antichrist number of 18.363636363636 ... or (6+6+6. 6x6, 6x6, 6x6, 6x6, 6x6 .....). Is it becoming evident that the 4/20 Gulf oil spill appears to be no accident but yet another occult ritual in the pattern of 9/11???? The next question is if it is now a totally *out of control* rupture of a tar/oil undersea volcano, or if it is a *controlled flow* seeping just enough “mud oil” to have the American people beg Obama to “save them” by his world environmentalist super government.

For the private detectives among us who may be alert to what is being dug up here, we may want to consider that the “Cap and Trade” proposal is the ante on the poker table, as was the “Patriot Act” for Bush with 9/11. The NWO group doesn’t always get what they want so “cap and trade” is not a sure bet. But the “paint by numbers club” is historically persistent. Here is their “six pointed” sign under which the world’s elite operate, both anciently and contemporarily. Below is the traditional occult hexagram complete with the Serpent system (total group socialism) encircling “all”, the number 6 pointed star, and their “man god”.

thus the “One Worlders” are fanatically dedicated to this >>

The result of WWII was the establishing of the Israeli State in 1948 by the United Nations. According to Zionist doctrine, the ultimate purpose for this plan is to make old Jerusalem the central ruling location of the world under the Lubavitcher Noahide Laws.

<http://www.solarsabbath.org/noahide.htm>

One interesting point to make that most people have already forgotten. VP Joe (foot-in-mouth) Biden slipped up (or maybe intentional?) and **guaranteed** that if Obama was elected we would have a huge international event of enormous impact. Hey Joe – how did you know? Video link below.

<http://www.youtube.com/watch?v=keEsJVrlw6I>

With the election of Barack Obama **nothing** has changed.

The Socialist/Zionist/Illuminati/Occult NWO has merely picked another stooge to further their agenda of world control. Obama works for the same people that Bush works for. Isn't it peculiar that those same mystical numbers still keep popping up? Bush merely handed over the same reins to Obama, and Obama knows it. Obama was groomed for the job by members of the Trilateral Commission, a sub group for the world Zionist takeover. Obama was 47 years old when he became President.  $4 + 7 = 11$ . Let's see --- who could fit as a solid liberal for the VP job and still hold a mystic numeral connection so as to "not upset the vibes"? Hey – how about Joe Biden? Biden was 65 when he became VP.  $6 + 5 = 11$ . More coincidence?

How deep does this rabbit hole go?

Those of you who think we have honest elections in America, try this on for size. The **final** Gallup Poll of November 2, 2008 had Obama 55% to McCain 44%.

<http://www.gallup.com/poll/111703/final-presidential-estimate-obama-55-mccain-44.aspx> Obama wound up leading by “11” points on the national scorecard that people were watching and glued to. The two 5's and two 4's reduce to  $5 + 4 = 9$   $5 + 4 = 9$   $9 + 9 = 18$  (or 6,6,6) The final 2008 state combined election electoral count for McCain was 173 ( $1 + 7 + 3 = 11$ ) Too bad John – you lose and must fall symbolically like one of the Twin Towers. [http://www.realclearpolitics.com/epolls/maps/obama\\_vs\\_mccain/](http://www.realclearpolitics.com/epolls/maps/obama_vs_mccain/) McCain probably knew from the start he was a loser. No Republican was going to win the election anyhow after what Bush had done to the Presidency.

How did Obama's handlers conclude the "election" details? The official scheduled time for Obama's Presidential Oath of Office was --- **11:56** (EST) Jan.20 2009

<http://thecaucus.blogs.nytimes.com/2009/01/16/feinstein-says-obama-wants-to-keep-inauguration-outdoors/>

Democrat Senator Dianne Feinstein said that the oath taking would be a “*very precise, scripted event.*” It certainly was. At the appointed occult time Obama “sort of” took the oath of office to support the Constitution, with the oath being bungled and later being given again in private, with no TV crew, and this time minus a Bible. Although there is

no requirement to take the oath on a Bible, the circumstances sure worked out for Obama, considering that he later would say that “America is no longer a Christian nation”.

Barack Obama ran a “rock star” image type of campaign as he was fooling millions of naïve young people by telling them that he “wants to make government cool again” because he was campaigning for "**Change**". Weren't we told at one time that smoking cigarettes was cool too? That turned out really great.

The letter numerology for Obama's emotional campaign theme “**Change**” is 38 (3+8=11). Can we conclude that by this clever word Obama was telling his followers the entire time precisely what he was running for, but it wasn't for political change at all? Was it merely a catchy code word for the occult agenda which he would be taking over from George Bush, **the agenda of the mystic “11”**? For all intents and purposes that agenda sure seems like somebody “out there” is creating constant world crisis until the masses beg for a socialist super government to “save them”. At least this is the way the world is certainly headed in reality. The question becomes -- is someone or some group steering the world in this direction?

And where did the New Age “Obamassiah” come from anyhow? Nobody really knows for sure as we haven't seen a valid birth certificate. Since Obama's team surely knew there would be a controversy about his place of birth, why not just fudge the record a bit more and have him be born in Toledo, or Miami, right on the mainland USA, or even in another small town in Hawaii? No – Obama was supposedly “born in **Honolulu**”. But Honolulu's letters total 128 and 1+2+8 totals 11. No wonder Obama and his comrades were laughing all the way to the White House.

With Obama's “green” policies coming under heavy fire, the biggest economic fraud to face America yet, Obama's “Cap and Trade” Eco government policy, needed another Reichstag and 9/11 to give it a shot in the arm. Now we just happen to have the ecology Gulf Oil Spill with its occult signature numbers of 11-33, 4/20/666.6x6x6x6x6x6x6.

Cap and Trade was virtually dead a year ago because most people finally saw through the super government scam. Now the Gulf Oil Spill has resurrected it again. Basically Cap and Trade means more government permits are demanded to run a business plus more huge revenues in the hands of the central government. It boils down to a tax that will destroy the American economy and the working class in America. How is this energy deal being sold to the people?

Here it is as a paper theory:

**The cap:** To achieve the goal of reducing carbon dioxide and other emissions from companies as part of a larger plan for curbing global warming, businesses would have to obtain government permits entitling to emit a certain quantity of carbon dioxide or its equivalent in other greenhouse gases. Each large-scale emitter, or company, will have a limit on the amount of greenhouse gas that it can emit. The firm must have an “emissions permit” for every ton of carbon dioxide it releases into the atmosphere. These permits set an enforceable limit, **or cap**, on the amount of greenhouse gas pollution that the company is allowed to emit. Over time, the limits become stricter, allowing less and less pollution,

The U.S. government would then steadily tighten the “cap” until emissions are reduced to the levels permitted by the government.

**The trade:** It will be relatively cheaper or easier for some companies to reduce their emissions below their required limit than others. These more efficient companies, who emit less than their allowance, can sell their extra permits to companies that are not able to make reductions as easily. This creates a system that guarantees a set level of overall reductions, while rewarding the most efficient companies.

**The profits:** If the federal government auctions the emissions permits to the companies required to reduce their emissions, it would create a large and dependable revenue stream. Initial estimates by the Congressional Budget Office project that an economy-wide cap-and-trade program would generate at least \$50 billion per year, but could reach up to \$300 billion. Some resources should also be invested in the energy, environment, and infrastructure sectors in developing nations to alleviate energy poverty with low-carbon energy systems and help these nations adapt to the inevitable effects of global warming.

The truth is this amounts to nothing more than a huge super tax on the businesses and working class of America. This from a White House web site:

*"Each of us has a part to play in a new future that will benefit all of us. As we recover from this recession, the transition to clean energy has the potential to grow our economy and create millions of jobs -- but only if we accelerate that transition. Only if we seize the moment."* President Obama, June 15, 2010

As Obama’s Chief of Staff Rahm Emmanuel has said “You **never** want a serious **crisis** to go to waste”.

Cap and Trade won’t work, jobs will be lost, no present viable energy source exists to replace oil fuels, insider business deals for carbon credit permits will run amuck, and it can only destroy what’s left of America. The average family won’t be able to afford utility bills, private business ingenuity will be stifled, gasoline is targeted to reach \$7 per gallon, and large companies will be forced to leave America. Even the world’s leading scientist who believes in man made “global warming”, Dr. James Hansen, (the grandfather of the global warming theory) says that Cap and Trade is a farce and will just hurt productive countries.

<http://www.timesonline.co.uk/tol/news/environment/article6941974.ece>

By the way, literally thousands of scientists have rejected the premise of “man made global warming”, but the vocal extreme left would have us believe otherwise. If there is global warming (which is not proven) nobody has been able to pinpoint the cause.

David Deming, geology professor at the University of Oklahoma states: *"The amount of climatic warming that has taken place in the past 150 years is poorly constrained, and its cause – human or natural – is unknown. There is no sound scientific basis for predicting future climate change with any degree of certainty. If the climate does warm, it is likely to be beneficial to humanity rather than harmful. In my opinion, it would be foolish to*

*establish national energy policy on the basis of misinformation and irrational hysteria."*  
Testimony before the U.S. Senate Committee on Environment and Public Works  
December 2006

Ross McKittrick, Assistant Professor in the Department of Economics at the University of Guelph, Ontario explains it this way: *"I have been probing the arguments for global warming for well over a decade. In collaboration with a lot of excellent coauthors I have consistently found that when the layers get peeled back, what lies at the core is either flawed, misleading or simply non-existent. ... I get exasperated with fellow academics, and others who ought to know better, who pile on to the supposed global warming consensus without bothering to investigate any of the glaring scientific discrepancies and procedural flaws."* Defects in key climate data are uncovered, by Ross McKittrick, National Post, October 01, 2009.

Joanne Simpson, the world's first woman to receive a Ph.D. in meteorology, expressed relief upon her retirement that she was finally free to speak "frankly" of her nonbelief in the global warming data.  
<http://www.globalresearch.ca/index.php?context=va&aid=11383>

Dr. Kiminori Itoh, a Japanese environmental physical chemist who contributed to a U.N. climate report, dubs man-made warming *"the worst scientific scandal in history."*

Norway's Ivar Giaever, Nobel Prize winner for physics, decries it as the **"new religion."**

The collapse of the "global warming consensus" has been driven by reality – nobody knows if global warming is real, and when a global temperature swing occurs nobody knows the exact cause. In other words, the "man made global warming" theory is a hoax, and Obama's cap and trade is only bad news for America. [Ron Paul, Congressman, 6/29/09 "Cap and Trade Will Lead to Capital Flight"](#)

Canada Free Press says "Cap-and-Trade will ensure the destruction of the nation"  
<http://www.canadafreepress.com/index.php/article/22406>

9/11 and the BP Oil Spill, along with all the internationally tangled mess of D.C. administration policies over the last 50 years amounts to no less than a covert war upon the liberty of the American people. I submit to the reader that the unseen war is both 'occult religion and socialist politically *combined*' motivated to further wipe out a once strong and independent Christian America. I further submit that there is a collective evil genius at work pulling the puppet strings. One wonders if enough Americans will ever wake up to stop the centuries long deadly charade of Occult Socialists. Only time will tell.

What say "ye" the reader? Random coincidences, or socialism as a ritual religion? Hey, I'm just asking questions here.

Blessings to the Remnant in Christ,

Ken Lent [www.solarsabbath.org](http://www.solarsabbath.org) [www.solarsabbath.org/lawessayindex.htm](http://www.solarsabbath.org/lawessayindex.htm)
